

The Meal Count by Name is one of the most useful reports for detailed reconciliation of meal counts for individual children. **The Meal Count by Name report provides information on each child and which meals/snacks they were checked in for on each day of the month.** It also has a helpful summary grid at the bottom of the report.

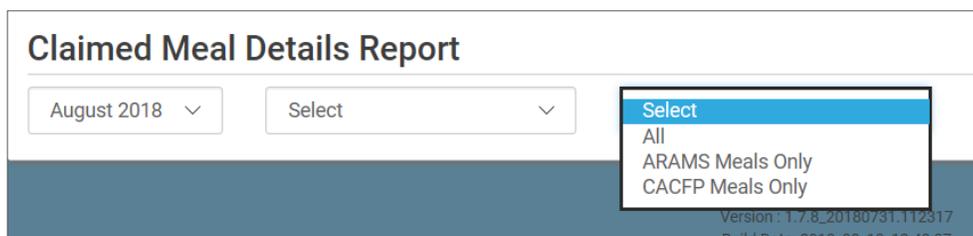

The choices on the Meal Count by Name include the month/year and also the following options:

- Payable Status:
 - “All” includes all raw counts
 - “Payable” includes only payable meal counts and excludes non-payable and disallowed meals. **This is the version that will match your Claim Summary Report.**

The screenshot shows the 'Claimed Meal Details Report' header. Below the header, there are three dropdown menus. The first is set to 'August 2018'. The second dropdown menu is open, showing options: 'Select', 'All', and 'Payable'. The third dropdown menu is set to 'Select'.

- Types of Meals:
 - “All” should appear for all sites. This means that all participants will be on the report, including those marked as non-CACFP.
 - “CACFP” will appear for all sites. This means that only children marked as participating in CACFP will be included on the report. Non-CACFP children will be excluded.
 - “ARAM” will appear as an option if “After School Meals” is checked in Site Details. Running the report with “ARAM” selected means that only children marked as participating in the At-Risk Afterschool Meals program will appear on the report. Non-CACFP and non-ARAM children will be excluded from the report.

The screenshot shows the 'Claimed Meal Details Report' header. Below the header, there are three dropdown menus. The first is set to 'August 2018'. The second dropdown menu is set to 'Select'. The third dropdown menu is open, showing options: 'Select', 'All', 'ARAMS Meals Only', and 'CACFP Meals Only'. At the bottom right of the interface, there is a footer with the text: 'Version: 1.7.8.20180731.112317 Build Date: 2018-08-18 13:40:07'.

Features of the Meal Count by Name:

1. There is an individual grid for each participant.
2. Each square is color-coded:
 - a. Yellow squares indicate meals that were PAYABLE (i.e. included in the claim).
 - b. Gray squares indicate meals that were NON-PAYABLE (or DISALLOWED).
 - c. Blue squares indicate meals that were for non-CACFP participants.
 - a. White squares (no background) indicate that the meals were NOT VALIDATED. The most common reason for this is that they were disallowed by sponsor.
3. Meal count grand totals are at the bottom grid.
