

Reports: Food Production: Food Production Report

This is an output of the food production information entered in the menu screen. It has the date, meal type, actual meal count and the amount prepared for each menu item.

The only selection required for the Food Production Report is the date range.

To run the report, make your selection for the date range and click the green "Run Report" button. A hyperlink will appear called "Download Report". Click the hyperlink to download or view the report.
