

## Menu: Saved Menus: Copying a Saved Menu

A saved menu can be copied. You would use this feature if you are creating a new saved menu with food items that are substantially the same. For example, if you have a saved menu of Pancakes, Applesauce and Milk and you want to create a new saved menu with Waffles, Applesauce and Milk. Copying the saved menu with pancakes may be faster than creating a new saved menu.

### To copy a saved menu:

- Click on “Menu” on the main dashboard.
- Click on “View Menus” in the upper-left corner.
- Locate the saved menu that you want to copy and click on the blue “Copy” button on the far right side.

- Make any changes to the saved menu. Note: you need to give each saved menu a unique name. You should not change the Meal Pattern associated with the saved menu.
- Click “Save”.
- Your new saved menu is now available for menu planning.
