

Excluded Foods:

You have the ability to exclude foods from being included on menus. For example, if your state agency does not allow the breading on chicken nuggets to be counted toward the grain/bread component, you can prevent providers from adding them to their menus. .

To add excluded foods:

- Click on “Setup” from the main sponsor dashboard.
- Click on “Excluded Foods” button.
- Click the blue “Add” button.
- Select the specific foods that you want to exclude.
- Click “Save”.

Note that sponsors are not able to add foods to our database - that is a function available only to My Food Program staff. If you need a food added to our database, please contact us and we will get it added right away.
