

## HOLIDAY NATURE WREATH

### Materials

Cardboard (cereal box)  
2 bowls – Different Sizes  
Rubber Bands  
Scissors

Pine Tree Branches  
(or any other pieces  
of nature)  
Decoration: pinecones,  
berries, ornaments, etc.

### Directions

1. Go on a nature walk to collect pine tree branches.
2. Make a cardboard wreath loop. Start by outlining the larger bowl onto your cardboard. Then outline the smaller bowl in the middle of the larger outline.
3. Cut out the cardboard loop, starting with the outside line first. Then cut a line through the loop to get to the inside. This cut will also be used to put the rubber bands on the loop.
4. Put the rubber bands on the wreath loop and then tape it closed. See photo to the left.
5. Weave the pine branches through the rubber bands.
6. Next you can add any other pieces of nature or decorations that you may have.
7. Hang up or share with family to enjoy!
