

# Paper Entry: Daily Attendance and Meal Counts by Name with Record Meals Outside of Normal Schedule

## To record attendance and meal counts on paper:

- Print the meal count and attendance sheets from the web app by clicking on “Enter Attendance & Meal Count from Paper” on the main dashboard.
- Select the week and roster for which you would like to print the paper forms and click “Submit”.

- You will now see a list of children that are assigned to that roster along with a list of the meals served. Scroll down the page and click the green “Print” button on the bottom-left corner to generate a PDF for printing.
- You may need to adjust your printer setting, especially the “fit to page” to ensure that the page prints correctly. We also recommend turning off headers and footers during printing. **Note: if you would like to print paper forms for all rosters simultaneously, this can be done in the “Reports” section. The paper forms generated in reports have a slightly different appearance than the paper forms generated using the method outlined above.**
