## PARTICIPANT SCREEN

View our Help Center article to learn more about using the improved participant screen.

Old Way	New Way						
	Participant Status*		Set Participant Status to Inactive Set Participant Status to Incomplete				
Include in claims (if unchecked, attendance and meal counts are recorded but not included in the claim)	Start Date	End Date	Status	Action			
Receives Subsidized Care	10/01/2022		Active	✓ × Delete			
After School Program (ARAM)	Participant Programs*			🕼 Add Program			
Foster Child							
Special Needs - allowed to claim over age 13	Program CACFP Standard	Start Date	End Date	Action ×Delete			
Exclude from License Capacity Checks							

The "Include in Claims" box is now set as a date range under Participant Programs. Unless a participant has declined the CACFP, there is nothing you need to do with the Participant Program. If a participant has declined the Food Program (for example, they are providing their own food) or it is a staff person that needs to be counted but not claimed, please reference our Help Center article on Non-CACFP Program type.
