

HALLOWEEN HANDPRINT FRIENDS

Materials

Black, Green, White and Orange Construction Paper

Black Marker

Scissors

Glue

Directions

1. Use the black marker to trace children's handprints onto the orange, white, green and black construction paper.
2. Use scissors to cut out handprints.
3. Use the black marker to create a face on the orange handprint to create a pumpkin, add a stem and leaves.
4. Use the black marker to create a face on the white handprint to make a ghost.
5. Use the black marker to create a face on the green handprint to create Frankenstein.
6. Cut the fingers of the black handprint and glue on top of the green handprint to create Frankenstein's hair.

Hints and Extended Learning Opportunities

- For younger children, promote fine motor skills by having them use a cotton swab dipped in glue to apply pre-cut pieces to the paper plate.
- Read as a group, *Too Many Pumpkins* by Linda White.
- Download and complete our [Halloween Search and Find](#).
- Play a game of Halloween charades.
- Toast pumpkin seeds for snacks.
